

Laptop/Tablet stand

The Laptop Tablet Stand is a portable stand that has adjustable height, width and angle settings. As well as having adjustable size and angles, the Laptop Stand folds down completely flat and can be stored in the included neoprene case. The design of the Laptop Stand also makes it suitable to use for tablets.

Features:

- Six different angles to position laptops for viewing comfort
- Adjustable height and width
- Slim design and lightweight
- HOLLOWED-OUT design to avoid overheating
- Black neoprene carry case that doubles as a mouse pad

Dimensions:

- Minimum size: 252x182mm
- Maximum size: 252x275mm
- Weight: 360 grams
- Colour - Silver and graphite
