

THERAPOD X

Therapod® X incorporates our patented Sense Back Fit and BIO™ Seat technologies to give high levels of support in a back which autonomously adjusts to most users and a seat that redistributes pressure. The result is a modulated supportive office chair for the user that also promotes movement whilst seated.

Therapod® X is the namesake within the latest Therapod® seating collection. This modern and dynamic ergonomic office chair offers unparalleled comfort and superior design, encouraging users to sit well and move often.

Features:

- BIO™ Seat Technology with seat slide depth control adjustment by 60mm
- Two phase adjustable gas lift
