PLUTO MONITOR ARM

Enhance workplace connectivity and performance

Using monitor arms in the workspace promotes a healthier and more productive workforce. Users will minimise their risk of pain and musculoskeletal disorders while regaining valuable desktop space.

FEATURES AND BENEFITS

The Pluto Monitor Arm is the ideal ergonomic and space saving desk mount for any home or office. Its elegant design and powder coated finish add style and functionality to any workspace.

The Pluto Arm is designed for larger, heavier screens. This arm features a weight rating of 15kg. Strong enough for even the all-in-one screens now available. The broad range of movement from the pivot points on the arm and height adjustability create a workspace customisable for any user in any position. The screen can be pulled out 442 mm for the ideal focal length and rotated 180° around the pole. The optimum viewing angle can also be achieved with an 80° up and 80° down tilt, and pan of 180°. 7 Year Warranty.
