

PERCHING STOOL

Height Adjustable Perching Stool

The Perch is a dynamic seating option that features a convex base which allows its user to move freely in a manner that is natural to our behaviour. This relieves stress of an otherwise static loading of our musculoskeletal system.

The Perch can be used in a sitting position or raised up into what is referred to as a “perching” position. The seat features a thin layer of moulded foam covered in a blue or black fabric.

Perfect for use at a sit stand desk, stand up meetings, counters or anywhere you simply want to Perch yourself.

- Weight rated: 100kg
- Seat height adjustment: 595-840mm
- Warranty: 10 Year
- Seat Width & Depth: 300mm
- Colours: Black or Blue
