

ERGOTRON HX Monitor Arms

Choose a monitor arm that's incredibly adaptable. With the HX Desk Monitor Arm, you can reposition large monitors weighing up to 42 lbs (19.1 kg) while still enhancing the workspace with a sleek design. Add a dual or triple monitor bow kit to up the screen count and productivity. The monitor stays within the workspace with a rotation stop that limits the range to 180°.

With the HX Desk Dual Monitor Arm, you can easily reposition two 32" monitors while still enhancing the workspace with a sleek design. The hinged bow lets the user easily pan monitors for screen sharing and the most comfortable views.
