

VALOR Monitor Arm – Single ONLY

The Valor Monitor arm is a versatile, cost-conscious dynamic arm. The ideal ergonomic and space saving desk mount for any home or office project. It's simple yet elegant design adds style and functionality to any workspace.

Valor arms can carry a weight rating up to 9kg and are easily adjustable with a built-in spring tension indicator. A 180° rotation stop automatically prevents interference with walls or desk partitions.

The broad range of the pivot points combined with their adjustable height helps create a workspace that can be customised for any user in any position.
