

Elevar “EON / PRIMO”

Three Motor Electric Height Adjustable Desk

The Elevar E Series is the latest in electric sit and stand workstations. Capable of holding 150kg including top, this L-shaped electronic adjustable desk can extend up to a 2100mm x 2100mm wide x 900mm deep workstation, perfect for any office. Designed in Europe and powered by a motor and linear actuator per leg, the Elevar E series is one of the fastest, strongest and quietest desks around.

The versatile height range will accommodate any user, reaching a maximum height of 1285mm. Included with the EV-1090 is the programmable controller which allows you to program and recall your favourite settings at the touch of a button.

Packed with safety features such as collision control, overheat protection circuit, and shelf and container stop make the Elevar Electric Desks one of the smartest on the market. Upgrade your 3 leg Elevar to a 6, 9, or even 12 leg Electric Adjustable table with our unique Elevar Cascading feature.
