

FLEXI PLUSH 300 High back Chair

The flexi Bariatric 300 chair has been specifically designed to cater to the heaviest of payloads featuring increased weight capacities, a unique twin gas operation mechanism, heavy duty supports and wider seat and back widths.

flexi Bariatric offers the full flexi 'Pre-Adjusted' Back Support System, on a strengthened chair and the exclusive *HygroTEQ* foam that provides excellent support and weight distribution that aims to assist with the reduction of pressure sores.

The flexi Bariatric can provide confidence when performing everyday tasks, as well as maintaining more independence, in and around the house or office environment.
